**Mono County Terminates COVID-19 Local
Emergency and Rescinds Local Public Health Order**

Actions Follow the State Emergency Declaration Ending February 28

MONO COUNTY, Calif. (February 22, 2023) – On Tuesday, in alignment with the State of California’s plan to lift the COVID-19 (Coronavirus) State of Emergency at the end of the month, the Mono County Board of Supervisors adopted a Resolution to terminate the local COVID-19 emergency on February 28, 2023. In addition, Dr. Caryn Slack, Mono County Public Health Officer, plans to rescind her Local COVID-19 Public Health Order effective the same day.

“COVID-19 infection across the country is at an all-time low, and we are confident that it is safe to transition out of our local COVID-19 emergency here in Mono County,” said Supervisor Rhonda Duggan, Chair of the Mono County Board of Supervisors. *“I’d like to thank our Public Health team for their tireless work in navigating us through this pandemic over the past three years.”*

Mono County residents and visitors are encouraged to continue testing for COVID-19, and to keep up with their COVID-19 vaccinations through their primary care physician. Beginning April 2023, Mono County Public Health will transition from COVID-19 testing and vaccination community clinics to appointment-based services for eligible residents and visitors in Bridgeport and Mammoth Lakes.
